

THE REBEL PARTY

Coming together when the world fell apart, The Rebel Party formed in 2020 to create uplifting musical magic together from a distance. Marc on guitar and bass (Chelmsford) brings the riffs to make your heart soar, whilst Victoria on vocals (Brentwood, originally leafy Lancashire) adds the soul and Jon on drums (Chelmsford) gives you the bouncy beats.

Their eclectic mix of influences from PJ Harvey, Aretha Franklin, Metallica, The Beatles and Nirvana, to name but a few, creates an interesting alternative/indie/pop/rock/post punk mix of sounds with dirty bass lines, dreamy vocals and pretty melodies.

Originally a distant duo, Jon came into the picture as the third member just as we came out of hiding; more live shows began to happen and some kind of normal returned; making the band complete.

Their latest ventures include 'You Got Love' a single for 'Mates' a mental health charity close to their hearts, with all proceeds going directly to the charity.

With many songs, videos and live shows already accomplished, a new E.P. is currently in the making.
